**The Hon'ble Grand Mufti of India, Sheikh Abubakr Ahmad,
condemned and expressed concern over the encroachment
on the Azizia Madrasa in Bihar's Nalanda district!**

The Grand Mufti of India condemned and expressed concern over the encroachment on the Azizia Madrasa in Bihar's Nalanda district. "Everyone should respect the beliefs of others in a pluralistic society and practice living in harmony and co-existence," he said.

It was the oldest Madrasa, and the library in Bihar Sharif in the Nalanda district of Bihar. The 110-year-old library, which had a collection of more than 4,500 ancient books and manuscripts, was also destroyed.

Such cases are reported frequently against Masjids and Madrassas. Sheik Abubakr Ahmad said that the government should see these heinous crimes seriously and take immediate and foolproof action against the culprits.
