Press Release

**Killing of teachers in Pakistan school, heinous and anti-humane,
Grand Mufti of India**

New Delhi: The Grand Mufti of India, Sheikh Abubakr Ahmad, condemned the brutal shooting of teachers in a school at Kurram, a district in the northwestern Khyber Pakhtunkhwa province of Pakistan. Schools are the centres of knowledge and the places for learning, harmony and humanity, for the students who are citizens of tomorrow. Killing teachers in front of them is shocking and unbearable act. These elements are threat to society. The Pakistan Government should take immediate action to find the culprits and punish them despite their tribe, ideology and status, he said.

The Grand Mufti also said that extremists' anti-national and inhumane activities in any nation cannot be tolerated, especially in the name of religion and ideologies. Islam does not promote extremist and anti-human movements and ideologies but resists them with peace and harmony.
